
Individualisation Work Freedom Social Pathologies

individualisation - alastair hudson - individualisation marks a shift in our social relations which values individual autonomy over social inter-connectedness. it emerges most clearly from the work of ulrich beck - but perhaps we can trace in the debate about individualisation some of the concern in earlier marxist theory about the drift **equity, individualisation and social justice alastair hudson** - the connection between individualisation and social justice here is the observation made by beck and beck-gernsheim that for all the separateness which individualisation might seem to require, there is nevertheless a need for a sense of security among the populace before there could be a desire for individual freedom and **values, ethics and professionalization: a social work history** - work as a social activity), mid-range (nature of social work as a professional activity) and restricted (professional ethics and behaviour with clients) definitions of ethics and values. this chapter attempts to address the last sphere of values and provide a flavour of the debates that surround the developments in social work ethics. **the individualisation of responsibility and school achievement** - the individualisation of responsibility and school achievement metka mencin Čeplak* university of ljubljana abstract: education is seen as an investment in 'human capital', and providing children with a good education is considered to be key to securing their future and their success in life. this article analyses how these discourses on **the individualisation of employment agreements** - a introduction it is inevitable that loss of union power and decentralisation of collective bargaining¹ coupled with the increasing number of small enterprises² could all contribute to a move towards the individualisation of the contract of employment. **futur(e)learning - a strategy for individualisation in ...** - individualisation according to contents and scenarios, according to places and timetables, social impact on learning and evaluation of individual learning processes. eportfolios at school can support this individualisation strategies. the acquired competences may further be transferred from school to the world of work. eportfolios **individualisation in swedish adult education and the ...** - individualisation in swedish adult education and the shaping of neo-liberal subjectivities . andreas fejes, maria olson, lina rahm, magnus dahlstedt and fredrik sandberg . journal article . n.b.: when citing this work, cite the original article. this is an electronic version of an article published in: **social welfare as coercive social control** - social welfare as coercive social control norman n. goroff university of connecticut follow this and additional works at: <https://scholarworks.wmich/jssw> part of the social welfare commons, social work commons, and the sociology commons this article is brought to you for free and open access by the social work at scholarworks at wmu. **risk, social work and social care: the example of children ...** - criminal or anti-social behaviour (james and james, 2004). in many respects, a major element of the new labour approach was its decision to accept and work with the grain and direction of social change evident with the 'family' and the growing individualisation of social and community life (lewis, 2007). rather **values and rights: content and form in social work ...** - values and rights: content and form in social work education and practice carole smith social work values have been the subject of extensive discussion relating to interpretation and their application in practice. a new discourse of rights now demands attention. **global transformations of individualised societies ...** - global transformations of individualised societies: implications and lessons to be learned* anatoliy kolot¹ abstract. in this work, we have studied the theoretical aspects of nature, effects of formation and development of two phenomena of our time — individualisation of personality and formation of individualised societies. **beyond individualism: social work and social identity - pure** - 'beyond individualism: social work and social identity' individualism continues to have a notable impact on social work. the personalisation of services and the individualisation of care are just two examples of this societal trend. while helping service users to articulate their aspirations for a better future, individualism, if taken **third world gap year projects: youth transitions and the ...** - networks can achieve autonomy through active individualisation. while late modernity may favour privileged youth, 'active individualisation' is not achieved without effort. youth transitions are problematic for all social classes in the west: "the restructuring of work opportunities places intense pressure on middle-class **the 'right to the city': from paris 1968 to rio 2010** - the right to the city manifests itself as a superior form of rights: right to freedom, to individualization in socialization, to habit and to inhabit. the right to the oeuvre, to participation and appropriation (clearly distinct from the right to property), are implied in the right to the city (lefebvre 1968 in kofman and lebas, 1996: 174).
